Dear Tetiana Konovalenko,

Congratulations on your selection for the IVLP Impact Awards! Your proposed project was selected for its potential to support lasting community impact and to continue the important knowledge and experiences of your IVLP participation. We are honored to support your continued leadership in your home community and are confident in your ability to make meaningful advancements there through the administration and completion of your proposed project.

The United States Department of State is pleased to partner with Meridian International Center to implement this important initiative, and we look forward to supporting you as you apply innovative solutions to shared global challenges at home. We also encourage you to further engage with fellow Impact Award recipients worldwide and strengthen your own global network among IVLP alumni.

Meridian International Center will be your main point of contact for the administration of your IVLP Impact Award and your project and activities. We encourage you to maintain contact with your local U.S. Embassy or Consulate and keep them updated on your activities and achievements.

Once again, congratulations on your selection as a 2023 IVLP Impact Award recipient. We look forward to supporting your important project and seeing the significant impact you will bring to your community.

Sincerely,

A handwritten signature in black ink, appearing to read "Anne E. Grimes".

Anne E. Grimes
